8 DRAFTING NOTICES

DEPARTMENT OF HEALTH AND ENVIRONMENTAL CONTROL CHAPTER 61

Statutory Authority: 1976 Code Sections 44-56-10 et seq.

Notice of Drafting:

The Department of Health and Environmental Control (“Department”) proposes amending R.61-79, Hazardous Waste Management Regulations. Interested persons may submit comment(s) on the proposed amendment to Joe Bowers of the Bureau of Land and Waste Management; S.C. Department of Health and Environmental Control, 2600 Bull Street, Columbia, S.C. 29201; bowersjb@dhec.sc.gov. To be considered, the Department must receive comments no later than 5:00 p.m. on April 22, 2019, the close of the draft comment period.

Synopsis:

The Department proposes adopting the “Revisions to the Definition of Solid Waste Rule,” published on January 13, 2015, at 80 FR 1694-1814 and May 30, 2018, at 83 FR 24664-24671. This United States Environmental Protection Agency (“EPA”) rule revised several recycling-related provisions issued under the authority of Subtitle C of the Resource Conservation and Recovery Act. The purpose of these revisions is to encourage reclamation of hazardous secondary materials in an environmentally safe manner. The federal rule has made the recycling-related provisions less stringent than previous standards. Because the standards are now less stringent than what states have been enforcing, the EPA has made state adoption optional. The proposed amendments are described in EPA Checklist 233D2 (2008 DSW exclusions and non-waste determinations, including revisions from 2015 DSW final rule and 2018 DSW final rule) and Checklist 233E (Remanufacturing Exclusion). These checklists may be found at <https://www.epa.gov/rcra/rule-checklists-applications-state-authorization-under-resource-conservation-and-recovery-act>.

The Department also proposes amending R.61-79 to correct typographical errors, citation errors, and other errors and omissions that have come to the Department’s attention, such as correcting form references, updating definitions, adding language that was erroneously omitted during adoption of previous rules, and other such changes.

The Administrative Procedures Act, S.C. Code Ann. Section 1-23-120(A), requires General Assembly review of these proposed amendments.

DEPARTMENT OF HEALTH AND ENVIRONMENTAL CONTROL CHAPTER 61

Statutory Authority: 1976 Code Section 44-56-30

Notice of Drafting:

The Department of Health and Environmental Control (“Department”) proposes amending R.61-79, Hazardous Waste Management Regulations. Interested persons may submit comment(s) on the proposed amendment to Joe Bowers of the Bureau of Land and Waste Management; S.C. Department of Health and Environmental Control, 2600 Bull Street, Columbia, S.C. 29201; bowersjb@dhec.sc.gov. To be considered, the Department must receive comments no later than 5:00 p.m. on April 22, 2019, the close of the draft comment period.

Synopsis:

The Department proposes amending R.61-79 to adopt three final rules published in the Federal Register by the United States Environmental Protection Agency (“EPA”). The EPA requires state adoption of these rules, as the rules do not revise existing standards to make them less stringent.

The three final rules are summarized below.

1. The Department proposes adopting the “Revisions to the Definition of Solid Waste, Response to Vacatur of Certain Provisions of the Definition of Solid Waste Rule,” published on May 30, 2018, at 83 FR 24664-24671. This rule revised several recycling-related provisions associated with the definition of solid waste under Subtitle C of the Resource Conservation and Recovery Act (“RCRA”). On July 7, 2017, the United States Court of Appeals for the District of Columbia Circuit (D.C. Circuit) vacated portions of this rule (*see American Petroleum Inst. v. Environmental Prot. Agency*, 883 F.3d 918 (D.C. Cir. 2018)). This ruling affects portions of the Definition of Solid Waste Rule that the Department adopted on May 27, 2016. (see State Register Document No. 4646).

2. The Department proposes adopting the “Confidentiality Determinations for Hazardous Waste Export and Import Documents,” published on December 26, 2017, at 82 FR 60894-60901. This rule amends existing regulations regarding the export and import of hazardous wastes from and into the United States. This rule applies a confidentiality determination such that no person can assert confidential business information claims for documents related to the export, import, and transit of hazardous waste, and export of excluded cathode ray tubes. The EPA makes these changes to apply a consistent approach in addressing confidentiality claims for export and import documentation.

3. The Department proposes adopting the “Hazardous Waste Electronic Manifest System User Fee; Final Rule,” published on January 3, 2018, at 83 FR 420-462. This rule establishes the methodology the EPA will use to determine and revise user fees applicable to the electronic and paper manifests to be submitted to the national electronic manifest system (“e-Manifest system”) in accordance with the Hazardous Waste Electronic Manifest Establishment Act, P.L. 112-195. The Hazardous Waste Electronic Manifest System became operational nationwide on June 30, 2018.

Pursuant to the Administrative Procedures Act, S.C. Code Ann. Section 1-23-120(H)(1), these proposed amendments are exempt from General Assembly review because they are necessary to maintain compliance with federal law.
